School Health Policies and Practices Questionnaire

Part 1

2007

A Study Supported by the Robert Wood Johnson Foundation
Thank you for participating in this important study of school policies and programs related to nutrition, physical activity, and obesity. Unless otherwise noted, please answer the questions based on the 2006-2007 school year. If your school includes grades higher than 5th grade, please answer the questions with regard to only the elementary school grades (K-5th) at your school. You may wish to consult with others in your school to assist you in answering some of the questions.

Part 1 (This white booklet)

- Asks about characteristics of your school and school district, including school policies relevant to obesity. This part includes sections on school characteristics, school and district food policies and programs, fitness and physical activity, and wellness policies.

- A school administrator is best suited to answer Part 1.

- Please be sure to complete the Honorarium Information on page 15.

Part 2 (Separate yellow section)

- Part 2 (yellow sheets) contains questions about the foods and beverages available to students at your school. The Food Service Manager, if you have one, may be best suited to answer Part 2.

Your answers are confidential. We will never release your name or your school’s name to the public, nor will we tell anyone else what you say about the policies and practices at your school.
This page intentionally left blank.
